Decor D style

About Us

Welcome to Decor D style, your luxury partner.

We're passionate about crafting artisanal handmade candles that ignite the senses and transform your space into a heaven of warmth and tranquility. Our journey began with a simple yet profound belief: that the soft glow of a candle has the power to soothe the mind, uplift the spirit, and bring people together.

Our Story

Myself Sakshi, housewife and a mother, who always sought ways to create a warm and welcoming home for my family. One day, while experimenting with homemade candles, I discovered a passion that changed my life. Inspired by the soft glow and soothing scents, I began crafting candles in my kitchen, perfecting blends and techniques. Friends and family raved about my creations, encouraging me to share them with others. With the support of my loved ones, "Decor D style" was born. Our collection reflects my desire to bring warmth and comfort into every home. As a candle enthusiast with a keen eye for detail and a love for the art of perfumery, we are a small startup company that aspires to become thriving brand.

Our Mission

We're committed to create exceptional candles that not only delight the senses but also inspire a sense of connection to the world around us. We source only the finest ingredients, carefully selecting each fragrance and essential oil to evoke a specific mood, memory, or experience.

Our Value

Quality: We're dedicated to craft candles that exceed expectations in terms of quality, performance, and beauty.

Sustainability: We strive to minimize our environmental footprint through eco-friendly practices and responsible sourcing.

Community: We believe in the power of candlelight to bring people together, fostering warmth, comfort, and connection

Join Our Community

Explore our collection, discover your new favorite scent, and let the gentle warmth of our candles illuminate your life.
